August 20, 2013

7:00p.m.

CALL TO ORDER

The regular meeting of the Junction City Commission was held on Tuesday, August 20, 2013 with Mayor Cecil Aska presiding.

John Stewart stated that the Commission should review the audit. For, example, the population has decreased, and the City is spending less now than in 2003. Mr. Stewart stated that the golf course has lost money, special events are down, and rounds are decreasing.

Tracey Scott stated that her basement has flooded. She has discussed this problem with others and has found that others have also had sewer problems. She stated that something is going on.

Gerald Gerloff stated that the City plans to purchase golf carts, and that will cost taxpayers. There is no free lunch.

John Stewart stated that this is an interesting budget; there are salary increases. John Stewart stated that the City needs to look into getting a local attorney. Mayor Aska closed the hearing.

NEW BUSINESS

Consideration of the 2014 budget. Commissioner McCallister stated that he has looked at the budget for a couple months now, and he has received guidance from the public; he believes this budget keeps the water at head level. He stated that people who live here now are paying off the debt that was racked up by others. Mayor Aska stated that the budget is a very serious document. Mayor

Aska stated that he could consider reductions a couple years out, and look into operations such as Spin City for continued operation. Commissioner Landes stated that he is never really comfortable with a budget but previously the City was unable to adequately fund building and vehicle maintenance. Commissioner Ryan stated that the bills have to be paid, and this budget will do that. Commissioner Sands stated that the debt will not go away overnight, and that the City's debt is large. Commissioner Sands stated that facilities like Spin City provide children with something to do. Commissioner Ryan moved, seconded by Commissioner Sands to approve the 2014 budget as presented. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Presentation and approval of the 2012 Audit and Financial Statement. Commissioner McCallister asked if other Municipal Courts could be studied to fix the ticket tracking deficiency. Interim City Manager Beatty stated that Junction City was the guinea pig in the use of the two software systems together RMS and INCODE, and it has been a nightmare. Chief Brown stated that the law enforcement package was purchased in 2009, and it was supposed to talk to INCODE but it has been nothing but trouble. Interim City Manager Beatty stated that the City has not purchased upgrades for the system which makes training difficult. Mr. Nyp stated that municipal courts typically have these types of problems because too often there are separate tracking systems. Commissioner Landes asked how much revenue is potentially being lost. Interim City Manager Beatty stated the problem is not so much for revenue, but to ensure accountability, and an effective process. Mr. Nyp stated that the municipal court revenues are accurate within a material amount; but systems could be better. Commissioner McCallister moved, seconded by Commissioner Ryan to accept the 2012 Audit and Financial Statement. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Consideration of grant agreement for the 617 N. Washington building. Commissioner Landes moved, seconded by Commissioner McCallister to approve the grant agreement for the 617 N. Washington building. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Consideration of Ordinance G-1133 amending Title VII, Utilities, Chapter 705, Sewers, Municipal Code of Junction City, Kansas, concerning standards and requirements for private onsite wastewater treatment systems within the City of Junction City. Commissioner McCallister stated that on smaller lots, he is worried that there will not be new space for when a system fails. Commissioner McCallister suggested that there be zone where the advanced system is required. Planning & Zoning Administrator Yearout stated that the soil type on the lot will determine whether a system will work on a property; that determination is

made by the County Sanitarian. Commissioner Ryan stated that he has looked into the Presby System, and it looks like the pipes would need to be replaced at some point; there is promise but it is still in a testing stage. Commissioner Sands stated that the inspections are a good idea but he is concerned about the cost for residents; he does not like the idea of using electricity and blowers.

Commissioner Landes stated that he believes it is wrong to get too far away from the County standards; the small lots should require a cleaner system due to smaller lot sizes. Commissioner McCallister moved, seconded by Commissioner Sands to amend the presented ordinance G-1133 to require aerobic sewer systems on properties with a size between 40,000 square feet to 90,000 square feet, and systems larger than 90,000 square feet shall be designed by the designated administrative agency. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Commissioner Ryan moved, seconded by Commissioner Landes to approve Ordinance G-1133 as amended. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

Consideration of the Final Plat of the Alexander Addition Unit No. 1, creating two lots along the north side of McFarland Road, Junction City, Kansas. Cheryl asked the Commissioners to inform her if they would like to attend the LKM annual conference.

Interim City Manager Beatty stated that Chief Royse attended a conference in Chicago to look at fire engine equipment. Interim City Manager Beatty stated that the purchase of the aerial truck provides the City with leverage to get a better deal on additional trucks; she would like the Commission to know that she is considering the waiver of the formal bid process to achieve that end.

Commissioner McCallister asked if Chief Royse would bring information back to the Commission. Chief Royse stated that he would bring information to the Commission regarding a lease purchase to replace the fleet. Chief Royse stated that the vehicles beyond the aerial truck would be built to specifications. Mayor Aska stated that it sounds like this could be a good deal for the City and the manufacturer. Chief Royse stated that it would be valuable to the City to have a single manufacturer for training purposes and maintenance purposes.

Commissioner Landes asked if there are other purchasing groups to further leverage the City's position. Chief Royse stated that he has a contact familiar with the process of financing who has been valuable. Commissioner McCallister stated that he needs to know that the City is saving money by doing this and keep the public informed.

Interim City Manager Beatty stated that the Mayor and City staff met with an architect to discuss costs for rehabilitating the storm damaged Municipal Court building. Interim City Manager Beatty stated that the remediation would involve gutting the existing building, new roof, and new HVAC; more information will be available in 30 days; the price on the proposed project at 701 N. Jefferson has not been adjusted down with options such as a butler building instead of brick and mortar.

ADJOURNMENT

Commissioner Landes moved, seconded by Commissioner Sands to adjourn at 9:55 p.m. Ayes: Aska, Landes, McCallister, Ryan, Sands. Nays: none. Motion carried.

APPROVED AND ACCEPTED THIS 3RD DAY OF SEPTEMBER AS THE OFFICIAL COPY OF THE JUNCTION CITY COMMISSION MINUTES FOR AUGUST 20, 2013.

City of Junction City
City Commission
Agenda Memo

September 3, 2013

From: David L. Yearout, AICP, CFM, Director of Planning and Zoning

To: City Commission & Gerry Vernon, City Manager

Subject: Case No. Z-08-01-13 – Request of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 block of East 3rd Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Central Commercial Restricted District. – (S-3122)

Issue: Consideration of the application of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 block of East 3rd Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Central Commercial Restricted District.

Explanation of Issue: The owner, Sergio Torres, applied to rezone the properties he owns in the block where his existing business, Sergio’s Auto, at 217 North Franklin; which is located at the southeast corner of 3rd Street and Franklin Street. Mr. Torres owns a single lot at the northeast corner of 2nd Street and Franklin, two vacant lots on the north side of 2nd Street east of Franklin Street, and a lot on the south side of 3rd Street east of Franklin Street. These locations are shown on the attached map. Mr. Torres is seeking the rezoning to commercial in order to use these lots for storage and/or parking of vehicles associated with his business. As noted in the Staff Report and the minutes of the MPC meeting, the City has had issues with the improper parking and/or storage of the vehicles over the years.

The Metropolitan Planning Commission, after the full public hearing and evaluating all the facts and testimony, unanimously recommended the requested rezoning be denied. The reasons for this recommendation are as outlined in the Staff Report and the minutes of the meeting.

The Metropolitan Planning Commission has initiated a text amendment to consider establishing a Special Use Permit as a “tool” that can be used for this type of situation, rather than rezone the property to a commercial category, which opens many other potential uses that could occur.

Alternatives: In accordance with K.S.A. 12-757, the City Commission has the following alternatives for a rezoning application on first appearance:

1. To accept the recommendation of the MPC and approve the Ordinance, thereby denying the rezoning the property.
2. Modify the recommendation of the Planning Commission by a 2/3 majority vote and approve the Ordinance as so modified, thereby rezoning the property subject to said changes.
3. Return the recommendation to the Planning Commission for further consideration, specifying the items, concerns or issues with said recommendation.
4. Disapprove the recommendation of the Planning Commission by a 2/3 majority vote and zone the property as requested.

Special Considerations: Many neighboring land owners spoke in opposition to the request; however no Protest Petitions were filed with the City Clerk.

Staff Recommendation: Accept the recommendation of the MPC and approve the Ordinance, thereby denying the rezoning of the property as requested.

Suggested Motion:

Commissioner _____ moved that the recommendation of the Metropolitan Planning Commission be accepted and that Ordinance No. S-3122, an ordinance denying the rezoning from "RM" Multiple Family Residential District to "CRS" Service Commercial Restricted District of certain property in the 200 block of East 2nd Street and the 200 block of East 3rd Street.

Commissioner _____ seconded the motion.

**JUNCTION CITY/GEARY COUNTY
METROPOLITAN PLANNING COMMISSION
BOARD OF ZONING APPEALS**

STAFF REPORT

August 8, 2013

TO: Metropolitan Planning Commission / Board of Zoning Appeals

FM: David L. Yearout, AICP, CFM, Director of Planning and Zoning

SUBJECT: Z-08-01-13 – Request to rezone multiple lots on 2nd Street and 3rd Street east of Franklin Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Service Commercial Restricted District.

This is the request of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 block of East 3rd Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Central Commercial Restricted District. Mr. Torres owns and operates the auto repair business known as Sergio’s Auto at 217 North Franklin Street on Lots 8, 9 and 10 of Block 57 of the original townsite plat for the City of Junction City. The business is zoned “CSR” Service Commercial Restricted; the zoning district appearing on the 1975 Zoning Map, but staff is unaware when the classification change occurred. The 1938 zoning map of the City shows this block as being zoned the equivalent of “RD” Duplex Residential.

Mr. Torres has acquired three other properties within that same block over the past several years, as shown on the attached maps. All those lots are presently zoned “RM” Multiple Family Residential and have been so zoned for many years. The property was apparently also changed to “RM” Multiple Family Residential in 1975 when new Zoning Regulations were adopted.

Mr. Torres’ application indicates a desire to expand his business, which would entail commercial zoning...hence, this application. Mr. Torres indicated he wished to use the vacant lots on 2nd Street (lot 15 and the west 40 feet of lot 16) for a storage area for vehicles from his business in the same manner being done by Auto Craft Collision Repair in the 200 block of East Chestnut. As the Commission may recall, there are two vacant lots on 1st Street across the alley from that business on Chestnut that was rezoned and is now used for storage of repaired vehicles. Mr. Torres wishes to do the same thing.

Mr. Torres also is requesting rezoning of the other lots he owns even though both those presently have single-family homes on them. As can be seen from the aerial photo, Mr. Torres has used these lots for parking of vehicles in the past; as well as using the vacant 2 lots on 2nd Street for the same thing. However, because these lots are residentially zoned, Mr. Torres has

been cited for blight and zoning violations in the past and has had to move the vehicles. As can also be seen on the aerial, there are numerous cars parked in the street in this area that are vehicles associated with the business and the Police Department has dealt with this issue many times as well.

In every zoning case, the requirement is to evaluate the proposal's appropriateness against the conditions that exist on the surrounding properties and assure the surrounding landowners and the community at large the appropriate balance between land uses is being protected. The Junction City Zoning Regulations provide guidance as to what should be considered in a zoning case and what should be found in order to make an appropriate decision. Those guidelines, found in Section 445.110, and the staff comments concerning those, are as follows.

When a proposed amendment would result in a change of the zoning classification of any specific property, the report of the Planning Commission shall contain statements as to the present classification, the classification under the proposed amendment, and the reason for seeking such re-classification, and determinations as to the following items:

1. *Whether the change in classification would be consistent with the intent and purpose of these Regulations;*

Staff believes this request is unacceptable. While the situation regarding the two lots across the alley from the Auto Craft Collision Repair facility on Chestnut Street does create a condition that is reasonable to expect an application like this; the larger question should be an evaluation of whether this is the most appropriate way to accommodate businesses such as this by rezoning adjoining properties for a limited purpose by the current owner; but open the property to potentially other harmful uses because of the zoning classification change.

The rezoning of these properties, in staff's opinion, is not appropriate and should be denied. These properties are either presently used for residential purposes and there is no intention to remove those homes; or are vacant in the middle of the block with existing homes on both sides and across the street. Since most of the properties in this area are residential, staff believes the residential zone is appropriate and should not be changed.

2. *Whether every use that would be permitted on the property if it were re-classified would be compatible with the uses permitted on other property in the immediate vicinity;*

Staff is concerned with the impact of commercial zoning on the properties on 2nd Street in the middle of the block. Staff recognizes the lots have remained vacant for a number of years, but that is because of the ownership by the applicant and the illegal use as parking and/or storage of vehicles from the business. As noted above, the other lot on 2nd Street and the lot on 3rd Street are occupied with houses and should remain residentially zoned. The reclassification of all these properties to a commercial zone, in the opinion of staff, would not be compatible with the other properties in the area.

3. *Whether adequate sewer and water facilities, and all other needed public services, exist or can be provided to serve the uses that would be permitted on the property if it were re-classified;*

The utilities in the area are capable of supporting most any commercial use if the rezoning is granted. However, the utilities are capable of supporting the residential development, including construction of additional homes on the vacant lots.

4. *The amount of vacant land that currently has the same zoning classification as is proposed for the subject property in the vicinity of the subject property, and any special circumstances that make a substantial part of such vacant land unavailable for development;*

This criteria is not really applicable to this case because this request is to rezone only the land owned by the applicant in the vicinity of the existing business. As previously noted, except for the potential use of the two vacant lots on 2nd Street for parking and/or storage of vehicles, which requires the commercial zoning under the current Zoning Regulations, the justification to rezone the other properties has not been provided; therefore, the identification of other vacant land zoned commercial in the area doesn't appear to have any relevance.

5. *Whether the property as re-classified would be available for business or manufacturing uses, and whether such uses, particularly in the area in question, will provide business or manufacturing services or employment opportunities;*

Staff believes the rezoning to a commercial use will open the property to other potential business operations and employment opportunities, and the potential exists the two vacant lots on 2nd Street could be used for another business if rezoned. The lack of ability to restrict the property to the requested use by way of a rezoning is the reason for the recommendation for denial. As noted herein, staff is recommending the Zoning Regulations be amended to permit the use of vacant lots for the parking and/or storage of vehicles connected to this type of business by a Special Use Permit and not by a rezoning.

6. *Whether the proposed amendment would correct an error in the application of these Regulations as applied to the subject property; and*

Staff does not believe there was an error in the existing zoning.

7. *Whether the proposed amendment is made necessary because of changed or changing conditions in the area affected, and, if so, the nature of such changed or changing conditions.*

Staff believes there are no changing conditions in this area which warrant the change in zoning classification. Staff recognizes the success of the repair business owned by the applicant at 3rd and Franklin has created a problem in the past with inadequate parking

and/or storage of vehicles, which has been an enforcement issue with the Police Department, Code Enforcement Office and the Planning and Zoning Department. However rezoning the problem does not assure a solution because, if rezoned, other commercial uses could materialize that could be harmful to the neighborhood.

An argument could be made that the repair business is in the wrong location, but that decision to rezone the business to commercial was made decades ago. Staff does not believe that it is appropriate to deny all remedies to this situation; but does believe the best solution is to amend the Zoning Regulations as noted above.

Staff Recommendation:

Staff recommends the request of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 block of East 3rd Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Central Commercial Restricted District be recommended for denial for the reasons stated above.

If the MPC agrees with this recommendation, staff recommends the MPC pass a motion to call a public hearing to amend the Zoning Regulations of the City of Junction City to add the establishment of a lot for parking and/or storage of vehicles for repair businesses as a Special Use Permit.

Suggested Motion:

I move that Case No. Z-08-01-13, concerning the request of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 block of East 3rd Street, Junction City, Kansas, from “RM” Multiple Family Residential District to “CSR” Central Commercial Restricted District, be recommended for denial, based on the reasoning stated in the staff report and as presented at this public hearing.

Chair Gustafson stated the staff report indicated the status on this case remains unchanged and asked staff if the recommendation is to continue the public hearing. Mr. Yearout replied it was.

Commissioner Moyer moved to continue case TA-01-01-13 until the September, 2013, meeting. Commissioner Watson seconded the motion and it carried unanimously.

4. NEW BUSINESS

Item No. 1 – Public Hearing to consider a request to rezone certain property from “RM” to “CSR”.

Chair Gustafson opened the public hearing on the application of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 Block of East 3rd Street, Junction City, Kansas, from "RM" Multiple Family Residential District to "CSR" Central Commercial Restricted District, and asked for the staff report.

Mr. Yearout stated that Mr. Torres owns and operates a car repair business on the southeast corner of Franklin Street and 3rd Street, which is zoned "CSR" Service Commercial Restricted. Mr. Torres also owns an additional three properties close to his business which are the subject of this application. Mr. Torres owns a single lot on the northeast corner of 2nd Street and Franklin which has a single-family home on it; a single lot on the south side of 3rd Street east of Franklin Street which has a single-family home on it; and owns two vacant lots on the north side of 2nd Street east of Franklin Street. Mr. Torres has used these properties for overflow parking of vehicles, which is not a permitted use in the Multiple Family Residential District. Mr. Torres has been repeatedly cited for violation of the Zoning Regulations and other provisions of the Municipal Code, including "blight" violations. Mr. Yearout indicated Mr. Torres wants to use the vacant lot for storage of vehicles that come through his business; thus, this request to rezone his properties. The two properties which have homes on them would apparently continue to be used as residences; but the history has shown these have been used for parking and storage of vehicles as well.

Mr. Yearout explained Mr. Torres indicated he wishes to use the vacant lots on 2nd Street for storage of vehicles from his business in the same manner being done by Auto Craft Collision Repair in the 200 Block of East Chestnut. Mr. Yearout stated the Commission approved Auto Craft's application to rezone and create a storage area for the repaired vehicles last year. Even though Mr. Torres' situation is similar, East Chestnut Street is more of a commercial corridor, which in the opinion of staff, creates a different circumstance. Mr. Yearout stated the Commission could consider recommending approval to rezone the two vacant lots; however, that location in the middle of the block would permit a multitude of commercial uses that might be undesirable for this location.

Mr. Yearout stated that in every zoning case, specific requirements must be met. He indicated the staff report addresses the issues and guidelines, along with staff comments. Mr. Yearout stated that staff is recommending denial of the rezoning; but is also recommending an amendment to the Junction City Zoning Regulations to consider this type of use as a Special Use Permit. An amendment could be drafted to provide for "off-site" parking/storage of motorized vehicles in conjunction with an automotive repair business. Mr. Yearout stated that staff would encourage the Commission to set a public hearing date to consider such an amendment, if the rezoning is recommended for denial.

There being no questions of staff, Chair Gustafson opened the meeting for public comment.

Mr. Yearout stated, for the record, a letter was received from Larry Huffman, 240 East 2nd Street, in opposition to the rezoning. Mr. Huffman indicated he would be unable to attend the meeting. A copy of his letter has been provided to the Commissioners.

Mr. Gary Olds, 3308 Frontier Circle, Manhattan, Kansas, stated he owns the property at 223 East 2nd Street, which is a rental. Mr. Olds stated he was pleased the staff did not recommend the rezoning even for the two vacant lots. Mr. Olds indicated for the past couple of years there has been a problem with vehicles parked on the vacant lots and in the area and the Police Department has constantly been notified. There are cars sitting on the public street not tagged or registered. Mr. Olds stated it is understandable because of the amount of business Mr. Torres does that he does not have enough space. He stated he believed Mr. Torres has more vehicles than appropriate for the area.

Mr. Olds stated he did not know how many other property owners were present or objecting to the rezoning. He stated he wasn't sure of what a Special Use Permit might mean and whether such an action, if approved, would have some restrictions. He suggested a very high fence might be appropriate so neighbors don't have to see the vehicles being stored. He stated he felt that even though the neighborhood was occupied by many transient people, there are still children living in the area and the autos become an attractive nuisance and he was concerned for the safety of the children.

In response to questions from Mr. Olds on the procedure for this case, Mr. Yearout explained that the Commission has the ability to recommend approval, recommend denial, or recommend partial approval. Regardless, a final decision is to be made by the City Commission on this case. If this use becomes a Special Use Permit, specific conditions and requirements can be made in the Regulations. As for the paving of the parking area, current ordinances require the parking area be paved and only the City Commission has the authority to grant a waiver of the paving requirement.

Wilfrido Torres, 430 West 3rd, stated he was Sergio Torres' son and worked in the business. He stated his father pursued the rezoning in order to get the overflow vehicles off of the street; recognizing this would be good for the neighborhood. There are commercial uses in the area such as the bus barn, even though it is zoned multi-family. Franklin Street has a lot of traffic and most of the property owners are renters. Mr. Torres stated they are trying to comply with City regulations by "cleaning" up the streets and parking the overflow vehicles legally. He stated he felt the neighborhood problems were not just from their business, but others as well. He stated the intent is to provide for proper areas at this location for the business to continue. Mr. Torres said staff had noted this is one step to possible resolution of the continual zoning violation problem.

In response to questions from the Commission, Mr. Torres stated the reason for adding the lots with the homes is because he and his wife have contemplated renovating the property on the corner of Franklin and 2nd into a bakery someday. They are not sure

what they will do with the individual lot facing 3rd Street. The house may eventually have to be demolished; but the property is presently rented. There are no plans to turn the auto repair business into a salvage yard. They have tried to buy the lot between their business and the lot they own on 3rd Street, but the owner will not sell. It is presently a rental property.

There being no further appearances or questions, Chair Gustafson closed the public hearing.

Discussion ensued between the Commissioners and staff on the advisability of rezoning and possible amendment to the Zoning Regulations to address this type of use as a Special Use Permit.

Commissioner Moyer indicated he would be supportive of the Special Use Permit option because it deals only with the single use and not all the other uses allowed when a property is rezoned to a commercial classification.

Mr. Yearout explained the current Zoning Regulations provide guidelines when considering an application and provide the flexibility for the Commission to recommend conditions be applied to any particular case, if necessary to mitigate any conflicts. Mr. Yearout encouraged the Commission to consider an amendment to the Zoning Regulations if this case is recommended for denial. Mr. Yearout stated if that occurred, staff would recommend the City initiate a new case for Mr. Torres to consider his request as a Special Use Permit application.

Commissioner Watson stated the two vacant lots that Mr. Torres proposes to store/park vehicles is very similar to what was approved for Auto Craft. The proximity of the vacant lots to his business appears to be a viable solution to deal with the overflow vehicles. However, Commissioner Watson did state that he was not in favor of rezoning the lots with homes.

Commissioner Mortensen concurred that rezoning the homes would not be advisable. He also stated he was not in favor of "piece-meal" zoning. Commissioner Mortensen stated he did not have a problem with handling this situation as a Special Use Permit.

Chair Gustafson stated if a bakery is proposed at a later date, consideration could be given to rezoning that particular lot. Chair Gustafson indicated she did not have a problem with a Special Use Permit. She indicated that if the two vacant lots were properly screened it should not be distracting to the neighborhood and would be a positive move to get the cars off of the streets.

There being no further questions or discussion, Chair Gustafson called for a motion.

Commissioner Mortensen moved that Case No. Z-08-01-13, concerning the request of Sergio Torres, owner, to rezone certain property in the 200 Block of East 2nd Street and certain property in the 200 Block of East 3rd street, Junction City, Kansas, from "RM"

Multiple Family Residential District to “CSR” Central Commercial Restricted District, be recommended for denial, based on the reasoning stated in the staff report and as presented at this public hearing. Commissioner Watson seconded the motion and it carried unanimously.

Commissioner Moyer moved to call a public hearing for September, 2013, for a proposed text amendment to the City’s Zoning Regulations to establish dealing with the storage of vehicles for automotive repair businesses by a Special Use Permit. Commissioner Mortensen seconded the motion and it carried unanimously.

Item No. 2 – Z-08-02-13 – Public Hearing to consider a request to rezone property from “IL” to “CCS”.

Mr. Yearout stated that the applicant, Vincent Spencer, officially withdrew the request to rezone the property at 303 East 7th Street, on July 31, 2013. The case is now closed.

Item No. 3 – Z-08-03-13 – Public Hearing to consider a request to rezone certain property from “RM” to “CN”.

Mr. Yearout stated that the applicant, Beth Mathis, officially withdrew the request to rezone property located on the southeast corner of Ash Street and St. Mary’s Street, on July 24, 2013. The case is now closed.

Item No. 4 – GCCU-08-01-13 – Public Hearing to consider a request for a Conditional Use Permit for a rock quarry in Geary County.

8. ADJOURNMENT

Commissioner Mortensen moved to adjourn. Commissioner Watson seconded the motion and it carried unanimously. Chair Gustafson declared the meeting adjourned at 10:05 p.m. The next meeting is scheduled for September 12, 2013.

Agenda Memo

Junction City Commission

Date of Meeting – September 3, 2013

To: City Commission

From: Cheryl S. Beatty, Interim City Manager and Finance Director

RE: Presentation of Animal Code Changes from Animal Code Task Force Committee

Objective: Review of proposed new code for Animal Control in Junction City, Chapter 215 of City Code.

Explanation: Due to multiple concerns regarding the city animal control codes, it was determined that a citizen task force was needed to completely rewrite the cities' animal control code. A committee was formed with Pat Landes acting as Chairman. The committee members that regularly attended the meeting were Scott Johnson (also representing the city commission), staff, and citizens including Captain Breci, Captain Leithoff, two local veterinarians, the director of the JCGC Animal Shelter, a Friends of Animals representatives, our animal control officer, and myself. We met for several months to develop new city code. Too start, I drafted new code based on information from eleven other cities. The draft was then carefully scrutinized and revised to fit the needs of our community.

The only issue that I am aware that is outstanding is an issue from Scott Johnson regarding the ownership of falcons within city limits (Mr. Johnson does own falcons for his falconry hobby). During committee meetings it was agreed that there was no need to allow falcons within city limits because at that time the falcons Mr. Johnson owned were in the County. However, Mr. Johnson is now living within city limits and has pointed out that falcon ownership is heavily regulated by the state and federal government. Therefore, he requests that falcon ownership be allowed within city limits.

Budget Impact: There is no city budget impact in the current budget. The new code, however, does change the collection of dog, cat and ferret tags from the Vet Clinics and Animal Shelter to the City Treasurer. The auditors and I felt that there was no tracking system in place sufficient for the proper care of taxpayer funds. Therefore, this will be a new revenue source in the 2014 and future budgets. We did not budget for this in 2014 since we were unable to determine an estimate based on any reliable data base.

Options: City staff is not asking for action at the September 3rd meeting. However, we are seeking citizen and city commission comments before requesting the adoption of the new code by ordinance at the September 17th meeting.

Recommendation: City staff recommends that you carefully review the new code for comment and suggested changes that you may want us to make.

Motion: Not applicable for this presentation.

"*Pit bull dog*" is defined to mean:
